Unfortunately, Term 1 has seen the postponement and cancellation of many events and sports. I want to take the opportunity to thank the school community for their understanding and flexibility. Compared to the COVID situation at many sites, we have been very fortunate.

With recent easing of COVID-19 restrictions, including changes to close contact definitions, the Department for Education and SA Health have reviewed the COVID reporting requirements for schools and preschools. Schools will now do a single notification at the end of each day that lists the number of COVID cases by year level that day. Letters for individual classroom contacts are no longer required. If your child is in one of the year levels identified in an update, please monitor them for symptoms. If symptoms emerge, your child should not attend school and get tested as soon as possible.

The requirement to wear facemasks in schools and preschools will be decided closer to the start of term 2.

If your child is showing any cold or flu symptoms, please keep them at home (even if they have tested negative to COVID).

In week 3 of next term students in years 3, 5, 7 and 9 will participate in NAPLAN. All tests, except the year 3 writing test, will be completed online. If you would like more information, please don't hesitate to contact me at school. It is very important that all eligible students participate in the testing. You can visit the NAPLAN public demonstration site <https://www.nap.edu.au/online-assessment/public-demonstration-site> to see an example of the online assessment.

Have a safe and enjoyable break and I look forward to seeing you in term 2.

5/6 Technology

In Tech. the 5/6 class have been learning about different effective ways to present research project information. The students each chose a creature from the 54 Fact File cards that were put up on display in the classroom. After drafting our notes the focus was on producing a PowerPoint slideshow as well as an A3 poster. Picture editing was an important skill that we developed in this unit. These digital presentation techniques are skills that can be used in lots of different curriculum areas.

Pictured on this page are examples of some of the posters produced and displayed in our classroom.

Resilience ~ Success ~ Respect

Buddy Classes with the 1/2s and 9/10s

This Term, the Year 1/2's and 9/10's joined together to create a buddy class. Miss Bowley and Miss Kirkham organised lots of different activities throughout the term to allow students to build relationships and create a greater sense of school community. Some of the activities included, writing letters to get to know their buddy, drawing self-portraits, whole group games and challenges, reading, creating Easter egg baskets which they then used during an end of term Easter egg hunt celebration.

This has been a great opportunity for all year levels as they have developed social skills to interact with different aged students in a positive manner. We all look forward to continuing our buddy class adventures in Term 2.
