

Happy Holidays

Hello from the Principal

We have reached the halfway point of the year. What an amazing two terms it has been! It is great to see different activities throughout the school with students learning together and experiencing new things every week. Over the last few weeks, we have enjoyed having our Mid-Year Receptions orientating themselves with their new class and we look forward to seeing them start their school journey next term.

Semester 1 Reports were sent home yesterday with students. These reports provide a statement of your child's learning against the Australian Curriculum Achievement Standard. They are an important way to measure your child's progress and understand their development.

This year, we have introduced a few important changes to the reporting structure to give a more comprehensive overview of your child's growth as an individual:

- **Addition of a General Comment for Secondary Students:** This allows Home Group teachers to share insights regarding your child's social development, peer interactions, engagement with staff, and the development of productive routines.
- **Reporting Against Personal and Social Capabilities:** A new tick-box section provides information about how your child is developing their social and personal awareness, as well as their social and personal management skills. These capabilities align with the Australian Curriculum and reflect our School Values. They focus on skills we aim to foster throughout your child's time at PBAS.

As with any new system, there may be areas for improvement, and we welcome your feedback. If you have any questions about your child's report or their progress, please do not hesitate to contact their teachers.

We hope everyone enjoys a safe and restful holiday, and we look forward to seeing you all in Term 3.

Scott Moore,
Principal

FRIDAY WEEK 10

End of Term Assembly at
10:00am
Early dismissal, 2:10pm, buses
will leave at 2:15
No Primary Wrap-Up
Have a safe holiday break.

What has been happening in the R/1 class this term

We have had a very busy term 2! Our biggest highlight was having Miss Ganley (University Pre-Service Teacher) teaching our class for 6 weeks. Measurement, friendly number, new PE game, growing plants, and retelling stories were some of the fun learning we did.

Our class was lucky enough to be invited to the Port Broughton Hospital's 50th Anniversary in week 5, where we performed the song 'Head, Shoulders, Knees, and Toes' in Narrunga language. Have a look on the schools Facebook page for the video!

We have been continuing to build our connection with Port Broughton Kindy. We visited the Kindy twice and they also visited school twice this term. Our Orientation visits for Mid-Year Reception students have also started. We can't wait for them to join our class in term 3. Mud Day with the Kindy was so much fun and an awesome way to finish off Orientation visit 2.

Children's University

Wondering how to get 30 hours before Graduation?

- 2025 Sports Reflection – 10 hrs
- Premier's Reading Challenge – 10 hrs
- A variety of CU online portal or learning destinations adding up to 10 hrs

UPDATE - Individual Portal activities do not need to be added to the Passport. It's time consuming and unnecessarily fills up space. Instead, at the end of each term or before Graduation Tracy can tally up the total Portal hours and input it into the Passport as a single entry i.e. "CU Portal Term 1 2025 ours – XX"

Completing this booklet earns you 3.5 hours in your passport

Try out the Winter Holiday Challenge on the Portal!
There are lots of different activities worth 30 minutes!

WINTER HOLIDAY CHALLENGE ACTIVITIES

✨ One of Our Favourite Festivals is Back - Illuminate Adelaide! ✨

Running for 17 nights from 4-20 July, City Lights is a FREE, immersive winter light trail that transforms the city into a glowing playground of art, technology, and creativity! 🎨💡

Wander past Adelaide's iconic cultural institutions and explore interactive installations from brilliant local and international artists. The best part? You choose your own adventure! ✨📖

🎯 How to Participate (and earn 2 hours in your Passport!):

🕒 Choose Your Stops: Browse the Illuminate website to pick the light installations you want to visit.

📷 Visit & Record: At each location, note down the artwork, the artist, and the location. Visit at least 6 installations and fill in your activity sheet. ✅

🎨 Create: Design your own light installation ideas using the template provided.

📖 Passport: Show your completed sheet to your CU Coordinator to earn 2 hours in your Passport!

✨ Visiting a CU Learning Destination during the Illuminate Adelaide Festival?

Don't forget to complete a Visit Diary and tell your CU Coordinator all about your experience!

🔍 For all the details, search "City Lights" on the Portal today! ❄️🎨📖

Early warning signs of Scoliosis

Adolescent Idiopathic Scoliosis (AIS) is a scoliosis that affects children or adolescents from the age of 10 into young adulthood. Typically it is noticed around 11 to 12 years of age in girls, and a little later in boys. Like other types of scoliosis, AIS is characterised by an abnormal sideways S or C curve of the spine. Children with AIS are generally otherwise healthy.

AIS is the most common type of scoliosis. Up to 5% of all children between 10 and 18 years old will develop this type of scoliosis. It is also more commonly seen in girls than boys – 90% of scoliosis cases are girls. AIS also often begins to develop at the initial onset of puberty, and can progress rapidly during periods of growth.

In children and adolescents, the best chance to correct scoliosis is with early detection and treatment as they grow. This makes regular screening for the signs of scoliosis, early detection and proper management of high importance.

Early detection and treatment is important. To do this use the app below and if you have any concerns, contact your local health professional or visit a ScolioCare clinic (www.scoliocare.com).

Standing Assessment From the Back

- 1 Uneven shoulders
- 2 One prominent shoulder blade
- 3 A visible curve
- 4 Uneven hips
- 5 Asymmetrical waist

Forward Bending Assessment

- 1 Upper back hump
- 2 Lower back hump
